## Welcome

We hope you will find a variety of useful information here about our lakes, our community and our efforts in preserving, conserving and improving our valuable natural resource

## Our Purpose

**The purpose of this association shall be:**

1. To perform all acts appropriate to a non-profit scientific, literary and educational corporation dedicated to the promotion and development of environmental quality standards
2. To preserve, enhance and protect the advantages of Pleasant Lake and Parker Pond and their environs.

## [Join Us](#)

We are eager to add members and volunteers to our association and hope you will consider joining us in both capacities. Please be in touch to learn more. Hope you can support us by returning the enclosed envelope. If you give your email address, we can also communicate by email.

This year for the first time, we also provide you with the opportunity to join our organization or pay dues **ELECTRONICALLY!**

## What's Happening

## PLEASANT LAKE AND PARKER POND ASSOCIATION ANNUAL MEETING 2019

**When: Saturday, July 20<sup>th</sup>, 2019 at 9:30 am**

**Where: 940 Meadow Road (next to the Casco Post Office)**

**Speaker: Lee Dassler, Executive Director of the Western Foothills Land Trust**

We are delighted to welcome Lee Dassler who will talk about our lakes as part of the region's greater Sebago Lake watershed and the work which is being done to ensure it remains stable.

Lee has been the Executive Director of the Western Foothills Land Trust for 25 years. The Land Trust is dedicated to the conservation and protection of nature ecosystems, farm and forest lands, watersheds and scenic landscapes for the benefit of wild and human communities in the Western Foothills of Maine. Lee, who received her Masters' Degree from Columbia University in Historic Preservation, has many interests including theater, carpentry and architecture. Lee was the founder and Executive Director of the Mclaughlin Garden in South Paris, Maine.

We look forward to seeing you. Coffee and donuts !!!!
